

Stitch a bit...by hand

Textile Designer Karen Lukacs invites you to a one day workshop on traditional hand stitching techniques with very modern possibilities.

Karen Lukacs shares techniques and tips on the use of standard hand sewing stitches in the design and production of her work. Karen's artisanal wear and unique designs have been featured in local media and national publications *Belle Armoire* and *Altered Couture. Transformations*, her solo show at Tucson's Art Institute, included couture fashions and accessories created from upcycled thrift finds.

Suitable for enthusiastic beginners and experienced surface designers alike, this workshop introduces and expands upon traditional hand stitch skills with innovative applications.

Class size is limited. \$145 includes a materials kit complete with detailed instructions and everything required but a pair of scissors.
